

Test Plan and Output:

- The Overall Code is tested, and some output has been generated.
- The following Outputs are figure out as per the requirements.
- The final (Expected) and (Final) Outputs are figure out in the Project.

Output:

HUMANS	DISTANCE	BUZZER
Person1	$\geq 1\text{m}$	LOW
Person 2	$\leq 1\text{m}$	HIGH
Person 3	$\geq 1\text{m}$	LOW

If the distance is more than 1m the buzzer will remain **OFF** and if the distance becomes less than 1m the buzzer will be turned **ON**.
